Qualifications

University of Barcelona: MSc in Chemistry (2010–2012)

University of Valencia: BSc in Chemistry (2006–2010)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past decade, I have worked with students from various international curricula, including IB and IGCSE. My students have consistently achieved top marks in Chemistry, many of whom have gone on to study at leading universities in Europe and beyond. I focus on building a strong foundation in chemistry, helping students grasp even the most difficult concepts with confidence.

In addition to my work with IB students, I have also provided extensive tutoring for A-Level and GCSE Chemistry, tailoring my lessons to meet the specific needs of each student. Whether preparing for exams or improving overall subject comprehension, I aim to make Chemistry engaging and approachable for all my students.
