🎓 Experienced Tutor | University of Helsinki | MSc in Chemistry

I have an MSc in Chemistry from the University of Helsinki and a BSc in Chemical Engineering from Aalto University. With 10 years of tutoring experience, I specialise in IB Chemistry, A-Level, and IGCSE, helping students excel in their exams across various international curricula.

Teaches: IB Chemistry A-Level Chemistry IGCSE Chemistry GCSE Chemistry

AP Chemistry

Curriculum: IB A-Level GCSE IGCSE AP

## Qualifications

**University of Helsinki:** MSc in Chemistry (2012–2014)

**Aalto University:** BSc in Chemical Engineering (2008–2012)

Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

Over the past decade, I've had the opportunity to work with students from diverse backgrounds, helping them succeed in IB Chemistry, A-Level, and IGCSE courses. I've supported students in developing a deep understanding of chemical principles, allowing them to excel in both their exams and practical labs.

In addition to working with secondary-level students, I have also prepared university applicants for competitive entrance exams in chemistry, tailoring lessons to meet the needs of individual students. Many of my students have progressed to top-tier universities in Europe and beyond.

Throughout my career, I've been committed to adapting my lessons to each student's learning style. Whether working with students on IB HL or SL, IGCSE, or A-Level topics, I ensure they gain a solid foundation in chemistry. I also keep parents regularly updated on progress to guarantee their child's success.
